(c) Memorandum dated 14 November 1961 to DD/P from Deputy Director (Support), Subject: Accounting Practices For Sensitive Projects

1. Pursuant to your request herewith are suggested principles for the support of sensitive operations. However, no effort has been made to list them in order of importance.

2. Some of these principles are in operation today, some formally, some informally. However, much good should result from their formalization in a written document addressed jointly to the Deputy Director (Plans) and the Deputy Director (Support) and signed by the Director.
